# BREAKFAST OF CHAMPIONS

## SAVING LIVES IS A TEAM SPORT

Earl Young's Team is dedicated to the fight against blood cancer and blood disorders through donor awareness. We have added over 41,000 potential donors to the registry with our partner with DKMS, an international nonprofit organization. In focusing our efforts on college campuses, over 185 people have given second chances at life to patients.

### FIVE MINUTES CAN SAVE A LIFE

A simple cheek swab and registration adds your tissue type to the donor pool where you could be someone's second chance at life.

**ONLY 30%**

of patients find a matching donor in their family.

**ONLY 5%**

of those eligible and between ages 18-55 have registered as possible donors.

**ONLY YOU**

could be the perfect match to give your unrelated genetic twin a second chance at life.

ORGANIZE A SWAB DRIVE OR EVENT

VOLUNTEER OR MAKE A DONATION

REGISTER AS A POTENTIAL DONOR

SHARE OUR MISSION WITH FRIENDS
